Weather and current:

This time of the year is the warmest period of lake Balaton. Usually we have easterly wind in the morning (Bft 1-3) followed by northerly or southerly winds. Late afternoon possibly build some thunderstorms.

July/August: Temp. Air, 30/25°, Temp. Water 25-22°.

The lake is oriented W-E direction, and the hosting marina is located on a peninsula. It is possible to have completely different weather systems on the different sides of the lake, so we have a wide racing area to select the best conditions. The water is shallow, the average depth is 3.5 meters. There are no tides on Lake Balaton.
